Rafters Café is pleased to announce to all parents that we will be providing our unique and modern Catering Service to Killina Presentation Secondary School for the year commencing Sept 2015- May 2016. We will be providing a high quality Catering Service but with a difference. Rafters have built an excellent reputation for both food and service in Portlaoise and we will be providing this level of both food and service to your children.

Our emphasis will be on Healthy but interesting menu choices. Rafters realise that when students eat healthy at lunch they are more likely to concentrate in classroom in the afternoon. This improves their health and their ability to make better food choices. Food will be prepared fresh every morning in our kitchens. All of our bottled drinks are produced exclusively for Rafters and contain no added sugar. We will be providing a menu to Killina Presentation Secondary School that is not currently being offered in any school in Ireland. Our menus will be posted on www.facebook.com/rafterscafe and will be updated monthly, so you as parents can see exactly what menu items are available each month, and what your money is being spent on. We will be offering regular promotions and special offers throughout the year. We will be catering for Gluten Free Diets and if your son/daughter has any special dietary requirements we will endeavour to cater for those if at all possible. Our menus, contain all healthy, fresh and exciting ingredients, whilst being interesting for teenagers. We will be offering a range of items each week from a Mini Dinner daily, freshly creamed potato & vegetable with Chicken breast/sliced ham and gravy to Warm Chicken Salads with noodles. We will also be offering a selection of wraps, paninis and sandwiches and of course our homemade soup which is gluten free. Our Juices are specially bottled for us and contain no added sugar. We will not be offering chocolate bars, crisps or fizzy drinks with added sugar so you will know that when your child goes to school they will not have the opportunity to buy these things

We are happy to cater for special diets and other special needs and in this regard, please feel free to contact either Trish 087 2723623 or Dominic 087 2263763 directly.

We are also pleased to advise you that we will be operating a text order service whereby either you or the student can pre order their lunch by text. The number for this service is 085 8037453

We also realise that the month of September can be expensive on parents and with this mind we will be running FREE MEAL FRIDAY every Friday for the month of September. If a student prepays for 4 hot lunch items on Monday, they receive a voucher for a FREE LUNCH on FRIDAY.

We look forward to providing a high quality Catering Service to Killina Presentation Secondary School and to your children, and please do not hesitate to contact us at any stage (info@rafterscafe.ie) if you if you have any questions or special requirements.
